

ИЗБОР НА ПРОФЕСИЯ

На 22 март 2021 г. се проведе първата онлайн среща по проект „Уменията на 21-ви век“. Участваха ученици и учители от партньорските училища от Полша, България, Португалия, Турция и Италия. Италианското училище, „Istituto Omnicomprensivo Mattioli D'Acquisto“, беше домакин на срещата. Темата на уъркшопа беше "Избор на професия".

Дейностите бяха организирани под формата на игра „Аватар – познай коя е моята професия“. Учениците бяха разделени на 5 международни групи и изпълняваха поставените задачи под ръководството на учителите.

Всяка група имаше за задача да създаде „аватар“ на избрана от нея професия, като направи проучване в интернет какви квалификации и умения се изискват от работодателите. След презентиране на групата, останалите групи трябваше да анализират информацията и да отгатнат описаната професия. Целта на дейността е да помогне на учениците да открият подходящата за тях професия след като завършат училище. Освен това, те научиха и какво образование, трудов опит и професионализъм са им необходими, за да успеят в избраната от тях кариера.

Срещата допринесе за укрепване на межкултурното общуване, уважение и толерантност. Акцентът на срещата беше сътрудничество, работа в екип и творчество чрез неформално общуване в приятелска атмосфера. Чудесна работа на един прекрасен екип!

ПАДЛЕТ НА УЪРКШОПА
